

Awesome August 2022

Another volatile year where Covid-19 has brought massive changes to the world. The 3rd year in many years Auntie Carol is conducting summer classes (Awesome August) for L3 + students in August. Note the brand new vocabulary class AAV specially designed for lower secondary students (L7-8) where V stands for 'vision & vocabulary'. AAV class materials range from current newspaper articles to interesting stories that will help widen teenagers' horizons and expand their lexicon for more challenging school assignments ahead.
